*Imagine*  
your home is like  
your life. Nothing  
happens all at  
once—as in life  
it is made up

of stages and changes. Oftentimes,  
decorating can seem overwhelming!

Our primary goal is to make sure our  
customers live in rooms that give them  
joy. We take the intimidation out of  
designing and work hard to make our  
customers comfortable with their  
selections.

Led by Sheila Whalen, who has more  
than 25 years experience, everyone  
is well-versed in designing to each  
customer's taste. At Timeless Interiors,  
we don't believe  
in creating the  
same "look"  
for each  
customer.

*We work with the  
customer's collections  
and existing objects,  
blending them in  
with new selections.*

In addition,  
we provide a  
flexible menu  
of services and  
merchandise to help you achieve  
your own style.

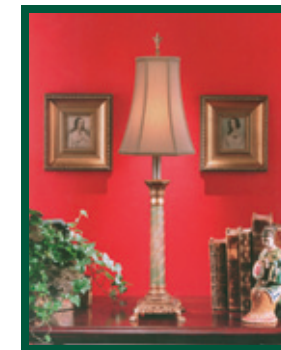

*At Timeless  
Interiors,*

we work within  
your timeline to take  
away the headaches of decorating.  
Whether you have a daunting  
re-decoration that you have been  
putting off or just need to select  
the perfect lamp for next to a  
chair, our team is ready to assist.  
Helping you select the finest in  
furnishings, gifts and accessories  
is what we do best.

Timeless Interiors helps you realize  
all your design needs within your  
timeline and helps ensure the process  
proceeds smoothly. The end result is a  
home that provides you with comfort  
and pleasure throughout the years—  
one that incorporates your past, lives  
in the present and still looks attractive  
in the future.

The end result is a new look that reflects  
our customer's preferences. While this  
takes flexibility, understanding and  
careful listening, we prefer to take the  
time to provide our customers with  
what they really want.
